

Getting Involved

Parents are the most important people in their children's lives and always will be, so we need their help to ensure that all the children progress and achieve success in reaching their potential. When children come to Nursery, we build on the foundations that have been laid and work in partnership to continue and develop this.

Once children are really settled at Nursery, we hope parents will be able to stay and help from time to time. Parents, grandparents and other carers are always welcome in Nursery. They can help in many different ways – talking with the children, joining in activities, sharing books with children, helping them on the computer, woodwork, baking, playing games, accompanying us on visits, or helping with “jobs” around the Nursery – whatever suits them is great for us! The partnership between the family and the nursery staff is crucial to children's happiness and development.
