

Mrs Ball, EY Lead and
English Lead

I am incredibly passionate about EYFS as I believe it is the foundation for all learning. I love working with the youngest children in school because the awe and wonder makes it a very magical place to work.

English is a subject I am so passionate about, both on a personal and professional level. I love to read and I hope that my love for reading inspires the staff and children at Village to do the same. I absolutely love leading phonics in school, the staff are so passionate about it and I love to see the progress the children make.

Well done Sophie for finishing your reading passport! Year 4 are very proud of you!
