

Mrs Mallabar, School Ethos.

Our school vision and ethos is something I'm particularly passionate about. I enjoy encouraging the children to excel in all aspects of school life whilst developing independent skills. This is embedded in our whole school culture and is supported by the use of our school rules and also our Explore, Dream, Discover (EDD) cards. Our school vision states, 'We aim to maintain a secure, caring and stimulating community in which children are encouraged to have respect for themselves and each other.' This is seen throughout school and is something both staff and visitors comment on repeatedly. It makes me proud to be a part of Village Primary School.
