

Mrs Wright, Year 2 Teaching assistant,  
community links and fundraising.

I am keen to support children with their reading, spellings and phonics. By encouraging children to use their phonics in different ways they are able to develop their reading and spellings.

I am passionate about making community links outside of school. I encourage companies to visit school to enrich the curriculum and provide opportunities for the children. I am also a passionate fundraiser and I help to raise funds to allow the school to provide a wealth of experiences for the children.
