Arran - Year 6

For Your Diary - Holidays and PD Days

30th May - 3rd June 2022

Half term

20th July 2022

Staff Training Day

21st July 2022

Staff Training Day

REMINDER

Children finish for half term on Friday 27th May. School re-opens on Monday 6th June.

Friends of the Village Lottery

Friends of Village have launched a weekly lottery through [yourschoollottery.co.uk](https://www.yourschoollottery.co.uk). For just £1 a week, you can support the school and have a chance to win prize's. Every week one of our supporters will win a cash prize. Every ticket also goes into a site wide draw with a chance to win £25,000. Our first draw will be on June 18th. Go to <https://www.yourschoollottery.co.uk/> and search for "Thornaby Village" to buy a ticket for our lottery.

<https://www.yourschoollottery.co.uk/.../thornaby-village...>

On **Thursday 26th May** all children are invited into school wearing non-uniform in the colours of red, white and blue to commemorate the Queen's Platinum Jubilee.

A donation of £1 (in cash, not via ParentPay) would also be highly appreciated for funds towards Butterwick Hospice.

Please sign up for Marvellous Me, Parent Pay and Twitter or Facebook

Year 2

Year 2 enjoyed making a fruit salad today. We used knives to chop our fruit and worked together as a group with sharing our ingredients.

One child said "I enjoyed making the fruit salad."

The other children added, "I enjoyed the apple juice as it was sweet."

"I liked it because it was sweet and juicy."

Year 1

In preparation for the Jubilee, we are learning about the royal family. Look at our wonderful writing! Some of us even used adjectives and question marks!

Year 5

Year 5 are learning tricky things in Maths this week! We have been learning about different types of angles and measuring them then using this knowledge to help us understand shapes!

'A straight line is 180*'

'The angles in a quadrilateral add up to 360*'

'We learnt about different types of triangles for example isosceles, scalene, equilateral and a right angle triangle.'

'Polygons are closed 2D shapes with 3 or more sides.'

'The definition of a regular polygons is 3 or more sides, equal angles and equal sides.'

VILLAGE VOICE

Nursery

Nursery have had a wonderful time having their teddy bears picnic. We have been writing invitations and shopping lists and we made our own jam sandwiches.

Reception

This week, Reception have had some pea plants donated. The children enjoyed planting them, talking about if they liked peas, how to look after them and making signs to stop them being picked. We look forward to watching them grow.

Summer Water Photo Competition

This term we are asking you to take photographs of water - children in the water, next to water, drinking water. It might be a paddling pool, river, stream, sea or fish tank!

Be as creative as you want.

All photographs should be uploaded to your child's Seesaw account, **on the competition activity, by Friday 8th July 2022** (photographs that are not added to the competition activity may not be seen and therefore not entered).

Friends of Village Primary will be judging the competition with the help of our Eco Warriors.
