Star of the Week

Zac - Nursery

Oliver - Reception

Dylan - Year 1

Scarlett - Year 2

George - Year 3

Deacan - Year 4

Rayyan - Year 5

Lexi - Year 6

*****REMINDER*****

Monday 2nd May is a bank holiday

Year 6

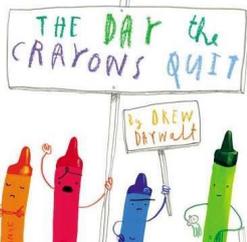

All of Year 6 have come back raring to go and they are looking forward to Summer Term. We have booked in a 'Bouncy Day' full of inflatables and games. Which is bigger and better than last year.

Luckily, we have been able to set a date for a 'Bushcraft Day', which includes learning how to create warm with sticks, cooking, meal preparation and shelter building! It will be fantastic!

Year 6 are starting a push towards SATs beginning 9th May. Please support at home by using the revision books and completing any work sent home. We are so proud of the children already and can't wait to show off their achievements.

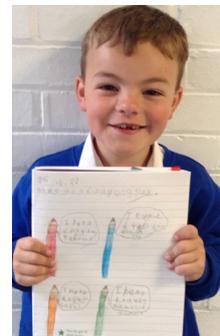

Year 4

Year 4 have enjoyed researching and creating posters all about the countries in South America. They were particularly knowledgeable about the various famous footballers that play there.

Year 2

This week, Year 2 have been learning to write speech. They linked their work to 'The Day the Crayons Quit'.

Please sign up for Marvellous Me, Parent Pay and Twitter or Facebook

Year 1

We have been learning to locate the United Kingdom on a world map. We played a game of 'pin the name on the country'. It was lots of fun!

We are we learning about the Union flag. We found out that it is made up from the England, Scotland, and Northern Ireland flag. This afternoon

we made our own Union flags!

In Design Technology we are designing healthy snacks. Today we evaluated dips and took a vote on which one we would like to make as a class.

Reception

This week, Reception started a new topic about wheels. We brought wheeled objects to explore including bikes, scooters and toy cars. We explored split pins to make a moving picture.

Nursery

Nursery were fantastic at retelling 'The Very Hungry Caterpillar' today. They then

used their fine motor skills to thread beads and use fruit for printing to create their own caterpillars.

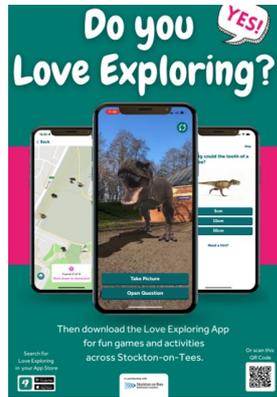

VILLAGE VOICE

Love Exploring

We have partnered up with Love Exploring <https://loveexploring.co.uk/> to bring an exciting new interactive family activity app that encourages families to get out and about exploring the local area.

The app is free to download and families can explore and uncover themed games and activities across Stockton. Each half term new themes and games will be unlocked including dinosaurs, tree fairies, Mega mini beasts, Butterflies & Moths and Halloween dancers.

Participating parks include : John Whitehead Park, Wynyard Woodland Park, Preston Park, Ropner Park, Littleboy Park & Allison Trainer Park.

Year 5 - Middlesbrough Football Club Foundation

It was lovely to welcome MFC Foundation back to Village Primary this week and into Year 5! We discussed the importance and benefits of physical activity and then we all gave 100% energy in a game of tag rugby!

'Physical activity means that you are doing a sport and your heart pumps faster.' Darcy

'It taught me to get away from the TV.' Skye

'I didn't know I knew 20 different types of sports!' Keaton

'If you pour a cup of tea that is not a physical activity!' Amy

'Children aged 5-18 should be doing an hours physical activity a day!' Elena
