## Year 3

On the last day of term, Year 3 visited the Arc to complete their workshop on the Light Princess. We were so lucky that we got to watch some scenes to a brand new show that's coming to the Arc next year! We gave our views and opinions. We then looked at the work we had created in school in an exhibition. We had a super afternoon!

## Year 1

Year 1 began their new Science topic 'Plants' by labelling a sunflower and then they planted their own sunflower seeds which they will look after during this half term. I wonder whose sunflower will grow to be the tallest?

In assembly, Year 1 learnt all about Saint George. "I loved the story because I like dragons". (Bobby)

'My favourite was singing the song about George and the dragon, I like to sing'. (Archie)

## Year 5 - Class Text

Year 5 have thoroughly enjoyed reading their class text, which everyone received for

Christmas. It is an incredible story of a brave Tudor boy's fight to save his father. Filled with adventure and Tudor History - we would recommend it!

'William has some ups and downs but he gets his happy ending.' Ava

'A beautiful crafted story.' Mason

'It had such a happy ending and it nearly made me cry.' Halle

'It was a fun story to read and I really enjoyed it.' Logan

'I really liked the book and how William became King Edward's page.' Daisy

'My favourite part was the ending but I won't spoil it for you.' Jenson

## Nursery

Nursery used numicon to fill the board being careful when placing numbers to make sure they fit. We noticed patterns and some numbers up to 10.

Nursery have explored the school grounds to find 'signs of Spring' we found lots of Spring flowers, blossom and leaves to stick onto our collage.

In Nursery we have enjoyed a lovely sunny play in our outdoor area.

## Year 4

Year 4 have been very excited about our new topics this term; particularly World War 1. The children have completed a longer piece of writing based on how World War One started. The answers given across the class were very in depth and the children have shown a real interest in this topic!

## Reception

Reception are starting off this term learning about things that move. Today was wheel day to launch our work. We enjoyed looking at similarities and differences between all the wheeled objects we brought in.
