For Your Diary - Holidays and PD Days 2022/23

Summer holidays begin 21st July.

Last day at school is Thursday 20th July.

Star of the Week

Arlo - Nursery

Kaizen - Reception

Elliott - Year 1

Edie -Year 2

Aleigha - Year 3

James - Year 4

Jessica - Year 5

Medina - Year 6

Friends of Village Primary Summer Events

Summer Fair— Wednesday 5th July

Summer Discos—Wednesday 12th July

See their Facebook page for more information

Year 3

Year 3 visited our local library. It was a warm walk discussing lots about road

safety. When we arrived at the library, we completed different activities linked to the Dewey decimal system! Keep your eyes out for information about the library's summer reading challenge.

Year 2

This week, Year 2 spent an amazing day at the Captain Cook Birthplace Museum. The children explored artefacts, studied Captain Cook's life and investigated the

places that he visited on his voyages.

'I loved it because I liked all of the activities and how it looked.' Violet

Year 5

We have been learning how to write diary entries this week and used TAPS stands for Task, Audience, Purpose and Style. If we use this for our writing it makes it more purposeful.

'We need to start with dear diary.' Ava

'Remember to include who what when where in your introduction paragraph,' Daisy

'Put lots of emotions in your writing!' Jessica

'Write in the first person.' Danielle

'Key information! You're not going to waffle about the whole day.'

Fletcher

Year 4

Year 4 have been excellent historians this afternoon by exploring a range of artefacts from World War One. The children looked at the artefacts and made observations as to what it was, why it was used and who may use it.

Year 4 created their own WW1 propaganda posters to convince people to either sign up for the war or to ration their food!

Year 4 have completed a lot of work on their history topic of WW1.

Firstly, the children investigated a range of artefacts from WW1 and had to make their own predictions as to what it was and what it was used for. The children in Year 4 made some fantastic observations. Following this, we looked at propaganda posters and we have made a start at creating our own propaganda posters.

Year 6

Year 6 have been consolidating their science topic of inheritance and characteristics. It was a fun way to learn!

Nursery

Nursery have enjoyed exploring the outdoor area in the sun this week. We have been pretending to be pirates, making pirate maps and ships.
